**WeatherGuard™**  
by **RefrigiWear®**

## Custom Options

RefrigiWear can customize any WeatherGuard product to fit your needs. Call on RefrigiWear's experts to help you determine the size, insulation and features you need to obtain optimum results at an **Affordable Price!**

Options include:

**Custom Sizes • Custom Colors • Carrying Straps • Velcro Closures Embroidery • HiVis™ Tape • I.D. Windows**

## Increase Company Awareness and Decrease Walk-Offs

### I.D. Windows

I.D. Windows can be customized to suit your company's needs.

Options include:

**Company logo • Contact Information • Instructions for the driver • I.D. numbers to track your WeatherGuard Covers**

Here are a few ideas:

### Embroidery

Embroidery is the process by which letters, numbers, or images are machine-stitched directly on your WeatherGuard product. All embroidery is completed by our experienced sewing operators in our Dahlonega, Georgia factory.

**Premium appearance.** Many companies prefer the professional look of embroidery.

**Pantone® color matching.** With thousands of Pantone colors to choose from, we can ensure your embroidery will match your logo exactly, so your image stays consistent.

**Durable, long-lasting.** Embroidery remains intact and threads are color-fast for a significant length of time with typical wash and wear.

### Digital Heat Seal Imaging

In Digital Heat Seal Imaging, letters, numbers, or images are printed on a special material and affixed to your WeatherGuard product through a heat transfer process. All Digital Heat Seal Imaging is completed by experienced operators in our Dahlonega, Georgia factory.

**Amazing image detail.** Detailed, intricate images can be created with complexity that is not possible with embroidery.

**Clean, streamlined appearance.** Heat seal images essentially become part of your WeatherGuard facing, so they will not collect dust or debris.

**Reflective material available.** Letters, numbers, and one-color logos can be created in reflective material, enhancing visibility for both your worker and your image.
